GURGAON
HORSE CLUB

From Leisure To Competition – Horses Are For Everyone

About Us and What we do!

At Gurgaon Horse Club we offer inspired, structured lessons and professional grade facilities so that you can learn riding quickly, safely and above all – in an environment of dignity to horses and staff.

We cater to beginners and advanced students alike. Our qualified trainers have national and international qualifications, certifications and awards and offer a structured but fun approach to horse riding.

Continual assessment, feedback and regular 'clinics' are all part of our curriculum and you don't need to worry about safety as we have invested in professional grade equipment and implement regular safety checks.

Location in Nature

In the bustling heart of Gurgaon, amidst the concrete jungle, in 2020 Gurgaon Horse club was started to provide top-notch training to horse enthusiasts, offering them an escape from the stresses of city living. From horse riding to enjoying your morning tea in a beautiful setting – it's all about destressing and getting back to the bounty available to us in nature.

Our Facilities

Our facilities combine international standards with lush green surroundings. We have four graded areas from beginner to advanced so that you safely and systematically can measure your progress. Jumping and dressage lessons take place in our extra-large enclosed arena equipped with numerous jumps and obstacles for varied, comprehensive learning.
